Clips 13/4 Seconds Off Arch City Stake in Grand Circuit Races and Takes Event in Straight Heats-Giants Have a Mere Chance of Capturing National League Championship-Boston Preparing for World's Series.

BEN EARL MAKES NEW RECORD

Columbus, Ohio, Sept. 26.—Within half a second of two minutes, Ben Earl this afternoon at the Columbus Grand Circuit races, won the middle heat of the Arch City Stake and gave this event a new record for a single heat, the best previous time for a mile in it having been 2.02 1-4 by stable for the 2.13 pace. He won in Straight heats.

Diumeter, original favorite in the

Diumeter, original favorite in the auctions, though Hen Harl and Jay Ell Mack were backed heavily, set the pace in each heat but was unable to come home with the rush that Hen Earl displayed after squaring away in the stretch. Twice Jay Ell Mack finished close to the winning Omaha horse.

Ished close to the winning Omaha horse.

Sir Anthony Carter stepped beside Diumeter in the sensational second heat, the first quarter with this pair lapped being in 30 1-4 seconds. The half was reached in a minute flat. In half a minute more, Diumeter was at the threee-quarters post. Just before reaching it, Sir Anthony Carter went to a break. All the way round Ben Earl was a good third with Jay Ell Mack right behind him.

As Diumeter turned home Ben Earl moved up and Driver Childs gave his attention to stalling off Jay Ell Mask rather than the tiring of Diumeter.

Zomrect, favorite for the 2.18 trot, had to score for the first heat in tenth position and finished fifth to Ridgemark, the second choice. In the second mile Zomrect took the lead and was lapped by Ridgemark. To the half Zomrect stepped in 1.01 3-4, Ridgemark breaking before getting there. All through the last quarter Zomrect came under restraint but he took a record of 2.06 1-4. He won the next two heats easily.

Harrod's Creek had no stiff opposition in the sweepstakes for three-

ROCKVILLE FAIR OPENS WITH GOOD RACES Dolly Dixon, a Hartford Mare, Captured 2.19 Trot.

Rockville, Conn., Sept. 26 .- The an-

Harrod's Creek had no stiff opposition in the sweepstakes for three-year-old trotters. He was a 5 to 1 choice over the other four. Silver Inne—2.14 1-4, 2.13 1-2, 2.13 1-4.

## FINANCIAL AND COMMERCIAL

derly and Rational Manner.

New York, Sept. 26,-Trading in victory, the latter, by virtue of the stocks today proceeded in a more or-lesser number of games it has played, would have taken the lead. Boston, reversal of yesterday's final hour eviwould have taken the lead. Boston, winning twice, gained half a game and new stands three and one-half games behind Brooklyn.

Philadelphia still has nine games to play—three with Brooklyn and six with Boston: Brooklyn has remaining eight games—one with Chicago, three with Philadelphia and four with New York: Boston has eleven left—five with New York and six with Philadelphia.

The situation is such that New York in fourth place, still has a physical chance if it can keep up its great winning streak. McGraw's men are six and a half games behind Brooklyn, with ten games to play. Should they

The strength of investment issues

The strength of investment issues

six and a half games behind Brocklyn, with ten games to play. Should they take all ten, their record would be 91 won and 62 lost. Then if Brooklyn should win only one of its eight, its record would be 90 won and 64 lost.

The standing:

Giants Still Winning.

New York, Sept. 26.-The New York Nationals advanced their new record for successive victories another notch today, when they obtained an easy victory from St. Louis for their twenty-second consecutive victory. The Glants won by a score of 6 to 1. The Glants hit Watson and Williams hard, driving out 15 hits for a total of 22 bases. The Cardinals hit Sallee fairly hard, but could not score after they got men on bases, and it required a double and two singles to score their only run in the fifth inning. for successive victories another notch

Phillies Rally in Ninth.

Philadelphia, Sept. 25.—A ninth in-ning rally gave Philadelphia the vic-tory over Cincinnati today, 3 to 2, and enabled the home team to keep pace with Brooklyn in the fight for the pen-

nant.

Knetzer had the better of a battle with Demarce for eight innings and the visitors led by one run until one man was out in the ninth inning. Then Cravath stretched an ordinary single into a double. Cooper ran for Cravath. Chase knocked down Luderus' single. The ball rolled to Groh, who threw to Wingo to catch Cooper at the piate. Umpire Klem motioned that Cooper was out, but in sliding to the plate the runner knocked the ball out of Wingo's glove and the catcher's left hand go's glove and the catcher's left hand was badly spiked. Umpire Klem then allowed Cooper's run. Luderus reached third on the play. Dugey ran for Lu-derus and scored the winning run when Nichoff beat out a bunt, Chase's throw to Huhn, who succeeded Wingo, being a trifle late.

The Giants' quartette—Robertson, Zimmerman, Fletcher and Kauff— seem to have something on Hughie Jennings' famous four—Bush, Cobb, Crawford and Veach.

DOINGS IN THE AUTO WORLD

September and October Ideal Months for Touring-Twin City Speedway Placed in Hands of Receivers-Mixture of Heavier Oils for Engines.

Many motorists prefer the months of September and October for touring as the torrid heat of the summer days is avoided and the roads are not so crowded with vehicles. There is a charm all its own in traversing unfamiliar thoroughfares and highways in the fall when the days are cool, the air crisp and the foliage taking on its fall colors. This is particularly true in the mountains and hilly sections of the country much favored by motorists residing in the lowiands. Another advantage of touring in the fall is that better service is obtained at the mountains and hilly sections of the country much favored by motorists residing in the lowiands. Another advantage of touring in the fall is that better service is obtained at the mountains are considered in the related arts. that better service is obtained at the hotels and inns than in the summer been much used in the related arts with the stationary and traction en-

hotels and inns than in the summer season.

There are hundreds of tours that can be planned to take one through sections noted for its fall scenery, and with the various road books, maps and touring data compiled by motoring organizations, one should be able to plan a trip in keeping with his pocketbook and time. In planning the trip many novices make the mistage of attempting to come to the controlled automobile engine confined to small space where stops are frequent of attempting to come to the summary and traction engines using kerosene, and in the alcohol engine art, which was extended for a time in Europe to include the automobile field. Much information of automobile field. Much information of automobile field. Much information of automobile field automobile from these practices, but much must be done to secure equipment suitable for the light, to plan a trip in keeping art, which was extended for a time in Europe to include the automobile field. Much information of actions and trip in keeping art, which was extended for a time in Europe to include the automobile field. Much information of the light, and the proposition of the light and the li of attempting to cover too much ter-ritory in a given time. This is not touring, merely a rush each day to roll up the miles. There is no pleas-ure to be derived in driving 100 miles into three groups, according to the conditions of the mixture produced. A similar division of automobile engine a day on strange roads. It is far better to cover a considerably less distance and to be able to enjoy the scenery. It is far more pleasant to decide upon the tour and jog dlong from place to place at a reasonable speed, making stops in places of interest and make detours. Following a predetermined schedule generally means more driving than pleasure. Mishaps and delays are bound to occur on any trip and these mean either increased speed or a longer lay at the wheel to complete the distance. One of the most delightful tours participated in by the writer was with a scenerally similar division of automobile engine equipment is also possible with corresponding, but exaggerated variations in operating conditions. These three mixture conditions are given the following names for the want of better ones: First, rain: second, fog: third, dry. The first of these is a wet, rain like mixture, hardly a mixture at all in which much of the fuel is form of heavy rain drops, or stream like films on the side walls of the passages. a day on strange roads. It is far betpated in by the writer was with a motorist who planned his trips from day to day on a two weeks' tour. There was no well defined place in view after the first day out and the detours were not only numerous but were over roads off the beaten track. In many instances the nights were spent at farm houses and one in the car. As all kinds of roads were en-countered the experience obtained was valuable and interesting.

The Twin City Speedway at Minneapolis, Minn., has been placed in the hands of a receiver. Phil Herzog of St. Paul has been authorized by the ourts to sell the plant as a whole or in parcels.

Lack of patronage caused the fail-

ure of the enterprise, which cost over \$600,000. It was a two-mile concrete oval and was the first of its kind constructed in America.

The problem of adaptation of the gasoline automobile engine to the use of heavier fuels than will vaporize satisfactorily in air without the use of heat, is entirely a problem of heating and heaters. Given suitable data, on the amount of heat required, on the temperature that should be maintained, on the design of suitable heating. the temperature that should be maintained, on the design of suitable heaters in shape, arrangement and size, on the sources or available supplies of heat, on means of establishing and maintaining as long as necessary a suitable starting heat, on the making apparatus and the engine, and finally on the modifications required in the

HORWEEN LOSES PLACE ON HARVARD VARSITY ELEVEN Chicago Player Succeeded at Right Entry List Smaller Than Last Year's Half by Hitchcock.

Cambridge, Mass., Sept. 26.—Ralph Horwen of Chicago was removed from the position of right halfback on the Harvard varsity football team to day and Ripley Hitchcock, Jr., of New York, Sept. 26.—In announcing the Harvard varsity football team to day and Ripley Hitchcock, Jr., of New York, Sept. 26.—In announcing the entries and pairings for the women's national golf championship tournament, which will begin next York, a substitute back who played against Colby last Saturday, was given the place. G. Colkett Caner of Philadelphia, Captain of the tennis team, who figured in the football squad last year as a substitute player, has advanced to a position in the varsity line in place of D. G. Lovell of Baltimore, and will play against the Bates team next Saturday.
